

THE CHOICE IS YOURS

If Jesus paid such a high price for your salvation and you ignore and reject it, then you will have to stand in judgment for your own sins. He says He has prepared a place of torments for those who reject the Gospel of the Lord Jesus Christ. That's the way it is. The choice is yours. Don't believe it? ...or is it that you don't want to believe it. Either way, the choice is yours. He can prove Himself to you beyond any shadow of doubt, but you have to be willing to put Him to the test.

There are thousands upon thousands of people who were just like you -- felt the same way, believed the same things, had the same problems, everything -- and they can testify to the actual saving grace of the Lord Jesus Christ. It's real; it's powerful; it can change your life -- but you have to come to Him.

The choice is yours.

Come. Taste of the Lord and see that He is good. Very good.

Did you ever wonder why things don't seem to be going quite the way you had hoped? Does it always seem that Life is just a continual struggle upstream? Ever wonder what the real meaning in Life is? Are you beginning to wonder if there are any real answers out there? Did it ever occur to you that the answers that you're looking for might be in the last place you'd expect to find them?

A lot of people don't believe that God really exists, and that if He does, He's just some kind of a figurehead. They've never seen Him, never felt His presence, never seen anything that was real. You've probably heard plenty of times that Jesus died for your sins, but what has that meant in your personal everyday struggle? Are you supposed to just believe and that's it? Let's get serious. So what are you supposed to do? Just go to church, sing some songs, listen to someone talk for an hour, and then that's going to save your soul for eternity and make everything beautiful? Come on, let's get real.

What if I could show you beyond any shadow of doubt that Jesus Christ was real? I mean REAL. What if there was a place where you could go to actually feel the power of God come down upon you in a supernatural way and change your life so much that you'd feel like a brand-new creature? What if such a thing was possible? Would you want a new start? Would you want to actually feel the Spirit of God come down upon you? Would you give it a try?

Or are you one of those who believe that "Jesus loves me and everything's OK between me and Him. He wouldn't send me to Hell 'cause I'm not that bad. He died for our sins didn't He? So what do I have to worry about?"

What if I could show you that, not only can God do something wonderful for you, but that, if you ignored and rejected Him, He would send your soul to Hell?

Don't want to believe that? I don't blame you. Most people don't. But just think about why Jesus died on the cross for a minute. He died in our place to pay the price for our sins. If that's the case, then where would we have ended up if He hadn't? And where will you end up if you reject Him after what He has done for you?

He says that in order to receive the salvation that He died on the cross to give us, we must accept Him as our personal Savior and be born again of the Spirit of God. We have to get saved, pick up the cross and follow Him. Sound like more than you think you want to handle right now? Not once you feel His Spirit come down on you and fill you up. Believe me, you won't want to do anything else. You'll be filled with a joy you never had before and peace that passes understanding; you'll feel a power in your spirit and victory in your heart that makes you feel like you could conquer anything. And you could.
